

Headmaster Description

I have already told you that *all* Headmasters are giants, and this one was no exception. He advanced upon my mother and shook her by the hand, then he shook me by the hand. As he did so he gave me the kind of flashing grin a shark might give to a small fish just before he gobbles it up. One of his front teeth, I noticed, was edged all the way round with gold, and his hair was slicked down with so much hair-cream that it glistened like butter.
