

Draw and Translate Shapes

On graph paper (-11 to 11) draw each of these shapes.

Remember to label each shape you draw clearly.

Shape	Area	Translation
Square A	$16u^2$	2 up and 4 right
Square B	$25u^2$	2 down, 3 left and 4 right
Rectangle A	$12u^2$	3 down and 4 left
Rectangle B	$7u^2$	2 left and 5 down

Resource Shop

*Now draw your own quadrilateral and translate it
*Write the co-ordinates for the corners of each
shape
