

Translate Shapes

Look at the shapes on your graph paper.
Remember to label each shape, that you translate, carefully.

Translate A 4 spaces to the right

Translate B 4 spaces down and one left

Translate C 3 spaces left and one up

Translate D 5 spaces left and two up

Translate E 4 spaces right and 3 down

Translate F 9 spaces down

Now write the co-ordinates for the corners of the
'new' shapes
